

Welcome to the Hunt!

Now's the time to send out a newsflash to your current customer base and share the news of your new Bird Dog Club! Lyberger's demonstrates this perfectly!

Lyberger's now has a Bird Dog Club!

Since we opened in 1999, we have always looked for ways to give back to the community. We continue to support our armed forces and local charities, along with bringing in the John Walsh DNA Lifeprint program every Mother's Day Weekend. We have also devised a way that everyone in our community can earn extra cash and be a part of the Lyberger's team of automotive professionals.

Referrals are an important part of all businesses. We work hard to earn your business, and ask you to send in family, friends and acquaintances. By doing so, we want to reward you, our satisfied customers and friends.

The Bird Dog Club was designed with you, our community friends, in mind. With every referral you send to your respective Lyberger's sales professional, you will be rewarded with a great graduating reward program upon their purchase of a vehicle.

On the following pages, you will be introduced to this reward program and learn about how much extra money you can make.

Simply click on the link below and get ready to join the Lyberger's Team!

Lyberger's Bird Dog Club

If you have any questions, please don't hesitate to call or e-mail anytime!

Sincerely,
Demetra George
